THE CITY AND COUNTY.

Rich Discovery.—We have been shown, by Mr M A. Hearne (one of the lessees of the Poverty Point lead and Mill,) some of the richest and most beautiful specimens of gold bearing quartz, that it has ever been our fortune to see. They are from the "Sheppard Lead," Dardanelle Company, Poverty Point District. The lead was discovered last February and has since been thoroughly prospected, the discoverers saying nothing about it until satisfied of its being a large, well defined vein of gold bearing quartz. The fortunate discoverers, who are all practical quartz miners, have taken steps to incorporate their Company under the above title. The lead is two and a half miles North of this city. It is about fourteen inches thick on the surface, at the depth of twenty feet it is three feet thick, the whole of which is rich in fine gold. Next to the upper rim or hanging wall of the side rock, there is a vein some three inches thick containing very coarse gold. One piece shown us weighed over one hundred dollars, nearly pure gold. We are gratified to notice discoveries of the hidden wealth of our District. The specimens may be seen at the jewelry store of F F Bates.

St Patrick's Church.—*To morrow* (Sunday), Rev Father Buchard, S J, of San Francisco, will commence a spiritual mission in St Patrick's Church. First Mass will be celebrated at 8 o'clock, and second at 11 o'clock A M. This celebrated divine will preach at the latter Mass. Vespers will be chanted at 7½ P M, after which there will be a sermon, and benediction of the Most Blessed Sacrament. The mission will be continued during the course of the next week, and the mode in which it will be conducted will be announced by the Rev Father on Sunday. Father Buchard has drawn thousands around the altar wherever he has given a mission, and we trust that in Placerville, as in all other places, his labors will be crowned with much spiritual fruit. All who desire to hear the great truths of Christianity ably expounded should attend St Patrick's Church during Father Buchard's mission.

California Wines.—Our California wines have been much prejudiced in this and other markets by spurious mixtures and adulterations, purporting to be from the Los Angeles vintage. These cheap compounds have been industriously hawked about and peddled in every variety of style, until many of our citizens have despaired of obtaining a genuine and pure article. It may therefore be a matter of interest to know that Messrs Sansevain Bros have their depot of native wines of unexceptionable quality at No 506, Jackson street, San Francisco. The vineyards of this house are a feature of the Southern part of California, the firm is composed of gentlemen of experience and education, who feel a just pride in the immense operations which they so successfully conduct, and who will not descend to the trickery so common in wine manufacture. We have penned this paragraph "pro bono publico," and our readers can profit by it.

Mr. W. H Payzi, of El Dorado, will please accept our grateful thanks for the present of wine, of Mr. P's vintage, sent us on Tuesday. We find it of elegant flavor, and in every particular very superior.

Ball at Diamond.—Our readers will remember that the ball to have been given by Mr James Daily, at Washington Hall, Diamond Springs, on St Patrick's Day, was indefinitely postponed on account of the illness of Mr Deady. Mr Daily's friends insist on the ball, and he has determined to give it on the evening of Thursday, the 23d inst, when he hopes all his pleasure loving friends will be present.

We are indebted to Wells, Fargo & Co and R. S. Hernandez for the Sacramento and San Francisco dailies, and to W M Bradshaw & Co. for late numbers of the Louisville Journal, and N. Y. Herald and Tribune.

Meeting of Stockholders.

At a meeting of shareholders in the "Eureka Copper, Gold and Silver Mining Company," held in the city of Placerville, April 4th, for the purpose of organizing said Company, and transacting other necessary business, G W Swan was called to the Chair, and N A Hamilton chosen Secretary.

The meeting then proceeded to elect permanent officers. J H Vanderbilt was elected President, and G W Swan Vice President. N A Hamilton Secretary, and J W Cullen Treasurer. W W Swadley was chosen to act as Superintendent. A Board of three Directors viz W. W Swadley, F A Bee and G W Donnely, was elected.

F A Bee moved that an assessment of five dollars be levied upon each share immediately—that the same be declared now due and payable, and if not paid before the expiration of ten days, shares so delinquent to be forfeited to the uses and purposes of the Company. Carried.

J. H. Vanderbilt moved that the Board of Directors be authorized to act in conjunction with the Secretary, to erase any names on the list of shareholders upon whose stock assessments are not paid, and mark others instead thereof. Agreed to.

A committee, consisting of W W Swadley, F. A Bee and N A Hamilton, was chosen to draft By-Laws and report at a future meeting.

The meeting further

Resolved, That no expenses shall be incurred by the company to exceed the amount in the Treasury. Also, that the Treasurer be instructed to pay no bills except those first allowed by the President and Secretary. The Secretary, in consideration of services, was exempted from paying assessments.

Moved and carried, that this Company be known as the "Eureka Copper, Gold and Silver Mining Company."

The Secretary was instructed to request the proprietors of the Daily News, and Mountain Democrat to publish the proceedings of this meeting.

The meeting then adjourned, to convene at the call of the President.

G. W. SWAN, Chairman.
N. A. Hamilton, Secretary.

He Joined the Church.—Uncle Sam had a neighbor who was in the habit of working on Sunday, but after a while he joined the church. One day he met the minister to whose church he belonged.

"Well, Uncle Sam," said he, "do you see any difference in Mr. P. since he joined the church?"

"Oh, yes," said Uncle Sam, "a great difference. Before, when he went out to mend his fences on Sunday, he carried an axe on his shoulder; but now he carries it under his overcoat."

CITY CLERK'S REPORT.

To the Hon Mayor and Common Council of the City of Placerville

Gentlemen: I herewith submit my final report for the fiscal year ending April 1st 1863.

As your Honorable body are aware, the Legislature during its present session, have in many material respects amended the City charter, among the most important of which is the reduction of the length of the present fiscal year to but little more than ten months, which makes a marked difference in the amount of revenue at your disposal as well as taking from you an important part of the year for making street improvements, &c. But as your successors in office can all that is seen to be done, no injury can accrue to the city in consequence thereof.

CITY ASSESSOR'S REPORT.

In accordance with an Ordinance adopted by your Honorable body, entitled "an Ordinance regulating the assessment and collection of taxes on real and personal property," I assessed all the property within the city limits subject to taxation, and returned the same to the Common Council as required by law, upon which your Honorable body levied a tax, at your monthly meeting in December, as follows:

For Sinking Fund, 30 cents on each one hundred dollars of assessed valuation.

For Interest Fund 5 cents on each one hundred dollars of assessed valuation.

For Fire Department Fund, 7 cents on each one hundred dollars of assessed valuation.

For School Fund 10 cents on each one hundred dollars of assessed valuation.

For General Fund 70 cents on each one hundred dollars of assessed valuation.

The entire levy for all purposes being one dollar and forty cents on each one hundred dollars on assessed property, a lower rate per cent than the tax payers of this city have ever been called upon to pay.

By reference to the report of the Board of Funding Commissioners, you will see that the funded debt and interest, amounts to two thousand six hundred and thirty two dollars and one cent, has been paid. Also, the debt incurred by the last Common Council, amounting to six thousand one hundred and ten dollars and two cents, making the total amount of liabilities which we were called to assume on coming into power, eight thousand seven hundred and forty two dollars and three cents.

Our assessment roll, with a taxable basis amounting to ten thousand six hundred and fifty five dollars, I placed in the hands of J H Hume, City Collector, and succeeded in collecting in money and six hundred fifty five and 24/100 dollars, which was placed in the hands of the City Treasurer as required by Ordinance emanating from your last City Council.

Of the debt paid, first there was an amount in the City Treasurer seven hundred fifty five and 24/100 dollars, which I placed in order in the hands of M K Shearer, Esq, City Attorney, for collection by suit.

For the amount collected by that officer, I respectfully refer you to his report.

REPORT OF THE CITY SCHOOL SUPERINTENDENT.

To the Mayor and City Council of Placerville

Gentlemen: I submit herewith the account of School Fund from July 1st 1862 to this date, also, the bills which have been paid, with the vouchers.

The amount on hand at the beginning of the City School year was		$1501 62
Since then, the receipts have been: From the State fund		432 87
From County fund		1036 81
From City tax		712 85
Making total receipts	$2212 53	
		$3514 15

The amounts paid by warrants have been:

For salaries	$901 00	
For other teaching	2[illegible]	
For expenses	142 41	
Making expenditure	$1451 41	
Balance on hand at this time	2062 74	3514 15

The sum of $583 50 has been received from the quarterly charge of twenty five cents a week to each scholar. This is collected by the teachers and appropriated towards payment of their salaries. The additional amount necessary to make up the salaries paid by warrants on the treasury. This sum therefore, is not contained in the report of School Fund.

It should be clearly understood that the Trustees always give permits for a teacher free of school payment, if the weekly assessment is too burdensome. Neither is anything taken from school for this charge.

Lists of pupils, names and attendance of each class are made by the teachers every month. The number enrolled to attend each month is from 110 to 120. Last month it was 126.

The term in school is taught by Mr C Burt. Primary by Miss L Irvine. Vocal music has been taught by Mr E. S. Higgins. The classes in Latin, under Rev J H McMonagle, have come in Dunlap's list and is now continuing. Mr Daily's class has been conducted this term by myself.

If a City History book—so urgently needed and so ardently desired—can be established at this time, we can at no time be at a steady advance. The way can be prepared by practically the teaching the subjects of study and enlarging the facilities in the present departments.

Our school rooms are very imperfectly adapted to the wants of the City. They are too small for the number attending, and in many respects are inconvenient.

The demand for a public school of higher education is felt and the advantages to be derived, if we could form such, I would ask the City authorities to give all the aid to this object which the means and resources of the City will permit.

Respectfully submitted,

C. C. PEIRCE,
City School Supt.

CITY ATTORNEY'S REPORT.

To the Hon Mayor and Common Council of the City of Placerville

As City Attorney I have to report to your Honorable body that on the 13th day of February, 1863, the delinquent tax list was placed in my hands for collection, amounting in the aggregate to the sum of $795 58, of which amount I have since collected and paid over to the City Treasurer, $537 84, leaving a balance still delinquent of $157 74, most of which will be collected in a few days, and will be accounted for in a supplemental report.

[illegible] to call the attention of your honorable Board to the importance of a thorough revision of the City ordinances, and the re-engrossing and re-ordaining of the same, for that it is difficult in many cases to successfully prosecute cases before the acting Recorder for violations of City ordinances, for the reason that some of the original ordinances have either been mislaid or lost entirely, and the City Clerk has not in his possession the foundation upon which to grant a proper certificate as to the correctness of many of the ordinances, as at present registered.

Respectfully submitted,

City Attorney.
