THE MOUNTAIN DEMOCRAT.

A SIGNIFICANT FACT.—For nearly three quarters of a century this Government has been good enough for white men to prosper under. It has lately been discovered that it is not good enough for the negroes, and there must be a change for their benefit. Jefferson, Madison, Franklin, Jackson, Clay and Wright are now called fools, and Sumner, Garrison, Wade, Greely and Jim Lane, "statesmen." Once it was creditable to legislate for white men, but under the Abolition dispensation it is esteemed laudable and loyal to persecute them and legislate for negroes. Once the old Union was good enough for white men, now it is not good enough for negroes, say the Abolitionists, and they are working to destroy it, and that, too, while professing to be Union men! What duplicity!

FREMONT CLUBS.—Large and enthusiastic Fremont Clubs, says the Boston Herald, are being organized in every town in Massachusetts. Lincoln's supporters are spiritless and frightened, and his defeat regarded as certain.

CONSISTENT LOYALTY.—Col. Miller, of Illinois, a fierce loyalists, has been detected in swindling the Government out of two hundred and twenty thousand dollars.

"THE SALT OF THE EARTH"—The Democratic party; it alone can preserve our country.

DEMOCRATIC PLATFORM.

Resolved, That the Democracy of the State of California are in favor of an unalterable adherence to the Constitution of the United States, with all its guarantees of civil liberty unimpaired.

Resolved, That we are in favor of the restoration of the whole American Union; that we recognize to its fullest extent the right and duty of the government to resist by constitutional mode rebellion or insurrection against its lawful supremacy; but we recognize that right solely for the purposes of restoring its constitutional authority, and for no other purpose whatsoever.

Resolved, That it is the duty of the State of California, as a member of the Union, to yield obedience to all Constitutional acts of Congress and the Federal Executive, and that any individual or any party, who shall endeavor to incite insurrection or rebellion within her borders, or disaffection and discord among her people, is a traitor to her best interests.

Resolved, That the aim and object of the Democratic party is to preserve the Federal Union and the rights of the several States unimpaired; and they hereby declare that they do not consider the administrative usurpation of extraordinary and dangerous powers not granted by the Constitution—the subversion of the civil by the military law in States not in insurrection or rebellion—the arbitrary military arrest, imprisonment, trial and sentence of American citizens in such States where civil law exists in full force and reign—the suppression of freedom of speech and of the press—the open and avowed disregard of State rights—the fanatical attempt to place the negro on a social and political equality with the white race—and the employment of unusual test oaths—as calculated to preserve or restore a union of the several States or perpetuate a government "deriving its just powers from the consent of the governed."

Resolved, That we are opposed to all secret political organizations and societies, as dangerous to the liberties of the people and destructive to our republican form of government.

Resolved, That we claim and demand as inalienable rights, freedom of thought, freedom of speech, and freedom of the press, and further declare that government agents should at all times be held to a strict accountability to the people, and that all errors of such agents should be liable to the full and free discussion for the purpose of correction by the ballot-box.

Resolved, That we denounce and unqualifiedly condemn the Emancipation Proclamation of the President of the United States as tending to protract indefinitely civil war, incite servile insurrection, and inevitably close the door forever to a restoration of the Union of these States.

Resolved, That we disapprove of all Congressional laws tending to substitute a paper currency in California in place of our own metalic circulating medium.

Resolved, That the spirit and meaning of the Democratic Platform of this State are comprised in the words, "The Constitution as it is and the Union as it was."

Resolved, That, in the opinion of this Convention, the war as at present conducted by the Abolition party, is not prosecuted in a manner to restore the Union, nor with any expectation that it will have that result, on the contrary the object of those in power is simply to abolish slavery, and in the event that they succeed in this, to revolutionize the Government, and establish a centralized power utterly subversive of the rights of the States under the Constitution.

That we hope and believe the National Convention will pledge the Democratic party to a restoration of peace upon just and honorable terms.

Resolved, That the Democratic party of this State are opposed to the taxation of the mines by the Federal Government, believing that it will tend materially to repress the energy and enterprise with which the mining population are now developing the resources of the country—be detrimental to the best interests of the State, and in many instances will be simply an oppressive burden upon unproductive labor.

Resolved, That the increase of the State tax by the last Republican Legislature, and their extravagant appropriation of public money, when the people were already overburthened with National taxation, is conclusive evidence of the unfitness of that party to control our State legislation.

GOING TO FINISH THE TASK.—President Lincoln said in a late political harangue, that "we are going through with our task, if it takes three years longer." That "task" has been to ruin the country, and if he is re-elected it will be completed in less than three years. In going through with his task, he has squandered billions of treasure and flooded rivers with blood. Not satisfied with the sacrifice of hundreds of thousands of lives, he calls for more. Are the people prepared to make further sacrifices to satisfy the insatiate appetite of the Abolitionists for blood?—What good has resulted from this enormous sacrifice? Is the rebellion weaker than it was one year ago? Are the prospects for its speedy overthrow brighter? No intelligent man will answer affirmatively. Why continue a policy three years longer which has resulted so calamitously? Is there any wisdom in it?
